

Tylö sauna ix210 – a complete spa-experience in one and the same product.

Tylö sauna ix210

The Tylö sauna impression cross-over 210 offers a brand new spa-experience with shower and sauna in one and the same product. The Tylö sauna ix210 fits the contemporary bathing room perfectly with its Scandinavian design. With its economical outer measures it also fits the medium sized bath room – and of course everyone who likes a complete bathing experience. For those who would like to take the spa-experience even further the shower section of the Tylö sauna ix210 can be equipped with a steam generator.

THE TYLÖ SAUNA ix210 INCLUDES:

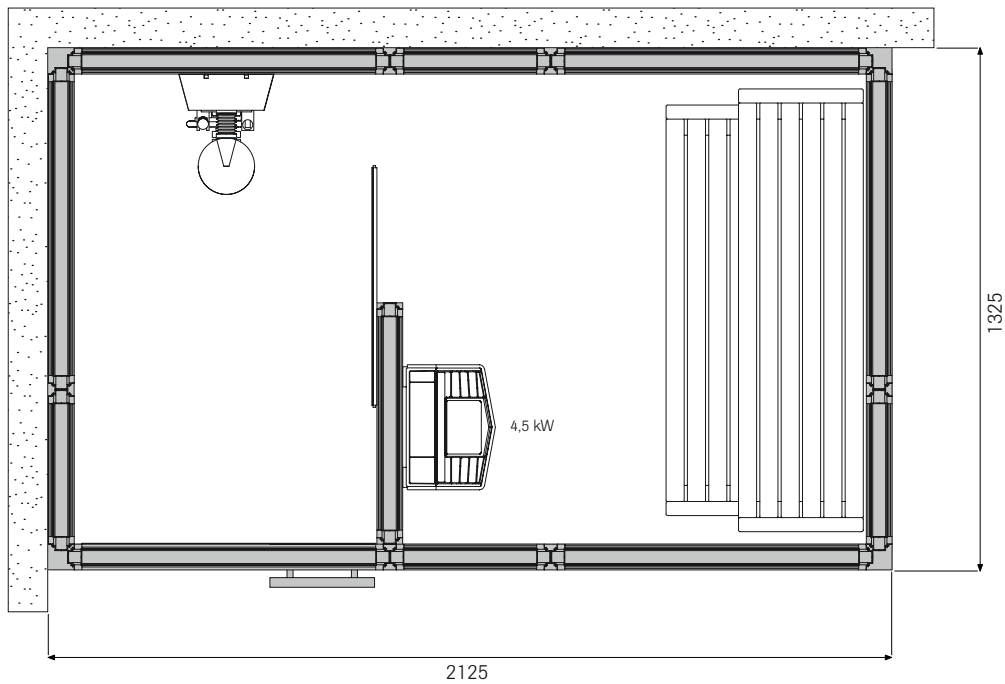

Thermally insulated wall and ceiling sections • Exterior covering (two sides)
Door section • Shower and mixer tap • Sauna inclusive of benches • Aspen panelling • Light fittings • Aluminium floor frame • Corner/ceiling mouldings
Air vents • Assembly hardware

The sauna section can take 2-4 persons.

Here you have a bird's eye view of our complete, prefabricated Tylö sauna ix210. You can see size, the correct location of the sauna heater and how the interior is designed. The Tylö sauna ix210 can be installed mirror fashion and the door can hung to open either left or right.

Note! The sauna heater is not included when you buy the Tylö sauna ix210.

Assemble alternative for the Tylö sauna ix210.
